Dear Del:

The East Tn. Chapter of the Society will have a Business luncheon meeting at 12 Noon on Thursday, June 2, 1988. As you know we usually have between 40 and 50 members, guests, etc., in attendance.

It would be appreciated if you would come and address the group for as many "minutes or hours" as you would like, and on any subject. We always like to be brought up to date on matters of mutual interest between the Bureau, Knoxville Office, and the Society.

I am enclosing a copy of a memo from [redacted] concerning the Society Drug Prevention Program. We will probably be discussing this matter during the meeting and would certainly welcome any comments or input that you might have as to how we can do something about this problem.

If you are unavailable on the above date, would it be possible for you to designate a representative from the Knoxville Office to talk to us?

Sincerely,

Bob Moran

SUBJECT: Society Drug Prevention Program

During our November 21, 1987, Business Meeting at the Dallas Convention, Director William Sessions described illegal drug usage as one of the most serious problems facing the nation. He challenged the Society to become an active participant in the war on illegal drug trafficking.

Since that time we have solicited suggestions from various sources including the Bureau, DEA, as well as from some of our members. Additionally, some research has been conducted to identify programs utilized by the private sector. Numerous video programs and huge quantities of printed matter have been produced to combat the spread of this deadly menace. As you are aware, most such efforts have not been successful. The one approach that is getting considerable support is that the problem must be addressed at the third or fourth grade level.

Reports of Chapter Meetings reveal that more guest speakers discuss the drug situation than any other subject. This is a clear indication of membership concern and interest in the problem.

Society officers have tentatively set the following guidelines for our program:

- 1) The program selected must represent a long term commitment as the illegal use of drugs is a continuing problem and there is no "quick fix".
- 2) Involvement will be required at Chapter level.
- 3) The extent and scope of our program will be limited by budgetary restraints.

I am asking each person receiving this letter to discuss a potential program at a Chapter meeting in the near future. Thereafter, furnish me with your input from which, together with other information developed, we will attempt to devise a practicable and effective Drug Prevention Program.

Sincerely,

b6

Dear Del,

Thank you for bringing to us on June 2nd the most interesting and timely presentation of the tragic incident in Miami. It certainly had an impact on all of us and I believe it is something that should be seen by all present and past Bureau employees.

Our thanks also go to SA [redacted] who assisted in the presentment. We thought he did an excellent job, and both of you were very helpful in answering our questions.

We are always interested in the Bureau's work and activities. As you know, one of our main goals is to support the F.B.I. in its endeavors and thus we stand ready to help at all times.

Thanks again to you and [redacted] for coming to the meeting and we look forward to seeing you at our future get-togethers.

Sincerely,

Robert T. Monan
Chapter Chairman
